Our Reviews

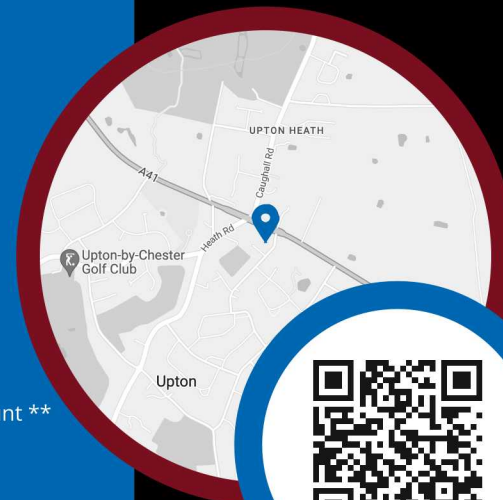

Having had many years of bad dental experiences I was recommended to Dr Khalid. 6 months on, I am over the moon with the work completed and the results. The only negative is on my part.... I should have gone to see him years earlier.

It had been over 20 years since I had been to a dentist as I was terrified. I read the reviews for Chester cosmetic dental centre and went to see them. I would 100% recommend them and if you're like me, terrified of the dentist then I can assure you you'll be in very safe hands. Everyone at the centre is excellent at making you feel relaxed.

I have now had my implant and it is fantastic. It looks like it's been there forever and I could eat steak 2 hours after it was implanted. I'm very very happy, thanks to Yaser and his lovely staff, you've done a great job!
